NOTICE OF AVAILABILITY OF REVISED TEXT

CALIFORNIA LOW COST AUTOMOBILE INSURANCE PROGRAM

On September 3, 2004, California Insurance Commissioner John Garamendi issued a Notice of Proposed Action and Notice of Public Hearing, proposing amendments to the California Low Cost Automobile Insurance Program Plan of Operations pertaining to an optional electronic application process and performance standards for producers using this method. The Department held a public hearing. No one testified or submitted written public comments in response to the Notice.

PUBLIC COMMENT INVITED:

The Commissioner has proposed technical changes to Section 28 C 3(a) and now solicits written comments on those changes only, which are attached. Comments submitted on unchanged portions of the regulations will not be considered.

The revised text deletes the last sentence of Section 28 C 3(a) referring to what needs to be transmitted in the application package to the Plan Office because the information is duplicated elsewhere in Section 28 C 3(b)(3) and 28 C 3(c)(4). The technical change is intended to avoid any confusion. The Commissioner believes the changes made are either nonsubstantial or solely grammatical in nature, or are sufficiently related to the original text that the public was adequately placed on notice that the change could result from the originally proposed regulatory action. Accordingly, pursuant to the provisions of California Government Code Section 11346.8(c), the Commissioner is soliciting written public comment on the changes. A copy of the changes, with the proposed changes clearly indicated, is available for public comment for at least 15 days. Deletions are indicated in strikethrough; additions are underlined.

CONTACT PERSONS:

All written comments submitted in response to this Notice and all general or substantive questions regarding this Notice should be directed to either of the following contact persons:
